

2-year Program

ASSOCIATE OF ARTS BUSINESS ADMINISTRATION

OFFERED IN SPANISH

The two-year Associate in Business Administration degree is designed to provide the technological and business skills required by modern businesses. This program has a duration of 2 years and seeks to provide the knowledge and managerial and critical thinking skills to its students to meet the various challenges encountered in the job market.

*The associate degree is equivalent to an accredited higher technical degree in the United States and qualifies the professional to work in the respective industry.

Program Objectives

- *Develop students' abilities to understand concepts, terms, and theories from the business world.*
- *Develop students' abilities to think critically and communicate effectively.*
- *Help students become more competent in analysis, decision making and management within a company.*
